## Your learning journey

The Ultimate Traders Package® (UTP) is a learning journey that boosts the success of every trader, from novice to experienced. Accessible anytime, anywhere on any device makes learning convenient, timely and productive.

It's not about luck. Luck is temporary. Knowledge, experience and expert guidance power the tools you need to build a secure future.

The good news is, you can prepare yourself to succeed.

Come join us on this unique journey that combines curriculum, mentorship and the latest trading technology.

## Curriculum

The combination of live and on-demand sessions is designed to provide guidance and hands-on application so you can confidently get in the market and start trading.

1. Live Forex Training Wealth & Freedom Experience: You'll experience two full days of classroom training hosted by Market Traders Institute® (MTI) elite traders.
2. MTI Online University: This on-demand training includes 14 interactive sessions designed to explain the theory, demonstrate how to apply the theory, and give you an opportunity to practice the concepts in a live market.
  - Technical analysis
  - Fibonacci in trading
  - Preserving capital and trading optimization
  - Advanced trading patterns & market recognition

You'll get checklists and other tools to help you apply these important techniques in your analysis.

Upon completion of the final exam you will receive a Certificate of Completion.

## Mentorship

We believe that having the right level of guidance from experienced traders is critical to your development. With the UTP you'll get an unprecedented level of support and insight from some of the world's most successful traders.

1. Live mentorship with Jared Martinez, The FX Chief® and founder of Market Traders Institute.
2. Seven on-demand mentorship sessions with The FX Chief to help you understand the mind of a trader.
3. Analyst On-Demand® access to watch experts trade live during peak market hours, using the techniques and strategies you learned in the UTP.
4. You will be assigned a Success Coach who will provide weekly one-on-one calls with you to review your progress and discuss education strategy.

# Technology

Trade smarter, not harder. The UTP course includes access to our SmartTrader™ software so you can practice trading along with the experts.

1. Practice your analysis lessons using drawing tools
2. See how our smart tools saves analysis time while boosting your trade accuracy.
3. Take advantage of amazing market opportunities even when you are away from your computer by setting an alert on any part of your analysis. In the Forex market, you can automatically execute your trade through your broker account based on the set alert and parameters.
4. Use the software to connect with brokers and traders worldwide. The software also presents trading news, economic calendars and more to help you identify market opportunities.
5. Obtain dozens of trading tools like the Pro-Trader checklist which literally gives you a grade on the potential of your trade.

## Competencies learned

Our curriculum is designed to build knowledge through demonstration, interactive hands-on application, quizzes and detailed guidance from MTI elite traders. With UTP you'll be able to...

- Understand the theory behind trade strategies
- Draw your own analysis based on that theory
- Once you've learned how to apply the theory you'll learn how to use smart tools to create your strategy faster and more accurately
- Practice all the trading techniques and strategies in a demo account
- Apply trading techniques and education strategies in a live market
- Get market predictions two times per week
- Discuss trading techniques and strategies with your MTI Mentors and Success Coach

At Market Traders Institute, we help you forge the power to create your ideal financial future with in-depth learning, smart tools and a team of experts on your side.

Join us today and become part of our community of successful traders around the world.
